

The Federal Aviation Administration (FAA) utilizes a third-party testing provider, PSI Services, to administer all FAA written exams. PSI exams are available at a number of testing locations throughout the US and abroad and can be scheduled online. Many local flight schools or FBOs host testing centers so you may not have to travel very far. Locating a written testing center is accomplished as part of the test registration process.

The first step to scheduling your FAA written exam is to visit <https://faa.psiexams.com/faa/login>. First time users will be required to create an account. You may also review [exam eligibility requirements](#) from the link on the homepage.

## FAA Airman Knowledge Testing is now available for online scheduling.

### Authorization Category *required*

Make sure that you have a valid authorization ('endorsement') to take the test prior to arriving for the test. If you have completed or graduated from a Part 141 Pilot School, you will need a Certificate of Graduation or Certificate of Completion with the appropriate school identifying information. If you received training from any other source (ground-school classes from a non-Part 141 school, independent ground or flight instructor, or home-study course), you will need an appropriate endorsement for that test from the instructor who delivered the course. The following link identifies eligibility requirements and acceptable forms of authorization for each test ([https://www.faa.gov/training\\_testing/testing/media/testing\\_matrix.pdf](https://www.faa.gov/training_testing/testing/media/testing_matrix.pdf)). For a test requiring authorization, you will not be able to take a test without a valid form of authorization and will not receive a refund.
